Subject: Stop sign request (Cherry and 4th)

My neighbor (Pam Varner) asked me if we could put Stop Signs at the corner of Cherry and 4th similar to what we did at Plum and 4th. She said it seems like everyone is flying down Cherry to avoid the stop sign at Plum. Driving down Cherry a lot myself, a stop sign there would not be a bad idea. There is a lot of foot and bike traffic at that intersection as well as cars. Not sure if we wanna just go ahead and do it or discuss at the next council meeting? (FYI, I will not be at the September 9th meeting.)

Thanks
Brock Fredericksen
